Civ. Action No. 05-11273WGY

July 20, 2005

MOTION FOR FILING ALL COURT PAPERS
WITHOUT ELECTRONIC FILING SYSTEM

Plaintiff for the above referenced civil action respectfully request that all of plaintiff's case be filed manually (or without electronic system) due to the lack of internet service in my computer which can only be used for other programs but not internet.

Other judges had permitted me to proceed with manual filing and I will submit one extra copy as a courtesy so that each time I file any paper related to this civil action, the judge will have all facts before him and such method is equally effective as much as electronic filing..

Respectfully Submitted
